Our 20th anniversary was a year of great milestones. In 2021, we planned and executed more build projects, Care Days, Drives, and events during one calendar year than ever before. We started 12 projects, completing seven, while the rest will be completed soon. We also held our biggest Essentials Drive to date last spring. We packed over 2,500 CareKits, and completed 15 Care Days with over 300 volunteers. On September 10, we celebrated our 100th HomeAid Care Day.

"It means a great deal to me to witness the before and after. Before, the kitchen was dark and gloomy. Now when I walk through the doors and look at the work that you have done, I feel it gives the clients the sense of peace that is needed to recover from addiction. Thank you again for spreading your love here at Gilgal."

## Who HomeAid Helps

For more than 30 years, Trinity Community Ministries has helped men turn their lives around thanks to the structure and support of Trinity's program and staff. HomeAid Atlanta completed a Care Day at Trinity in November 2021 (photo above).

Atlanta native Dr. Bakari Vickerson entered Trinity when he was only sixteen years old. With support from Trinity, he was able to get his GED and attend Morehouse College. Today, he serves as the intake psychiatrist at Grady Outpatient Behavioral Health Clinic and Assistant Professor at the School of Medicine at Morehouse College. Dr. Vickerson, also a former board member of Trinity Community Ministries, regularly gives back by providing mental health support, medication, and counseling services to current Trinity clients.

HomeAid Builder Captains Austin Lineberry of New River Building Company and Ronnie Cline of Taylor Morrison partnered to complete the 2021 transformation at North GA Angel House's Jasmine House. "Whenever we reached out to our trade partners for donations, they were excited to get involved and donated gladly. This speaks volumes about HomeAid," said Austin Lineberry. Ronnie Cline remarked, "This unique transformation was a lot of fun. The work of North GA Angel House is inspiring. We got to be heroes for a minute, but HomeAid gets to do this every day and Taylor Morrison enjoys our partnership with HomeAid."
